The Lazy Dog's Guide to Enlightenment Beth Wilson 2011-02-09 Enlightenment doesn't always come in the form we expect. It need not appear as a self-styled guru or a complicated theory measuring some mysterious quality. Sometimes it's as close as the chocolate Lab bounding happily through the backyard or the lovable terrier contentedly curled up in one's lap. In the foreword to this thoughtful examination of enlightenment, Dr. Bernie Siegel sums it up: "Dogs are healers. They are enlightened. They seem to have figured out how to live beautifully so much better than we humans have." In these pages, distinctive black-and-white dog images by acclaimed animal photographer Zachary Folk are illuminated by captions of down-to-earth spiritual wisdom "from" the dogs to us, their often confused humans. A delightful romp through canine philosophy, this charming collection celebrates the simple wisdom and that special combination of natural earthiness and subtle spirituality that characterize humankind's best friend.

Aimed at the general reader and relevant to many academic disciplines, this book explores the ways people acquired new information, organized their ideas and reached their conclusions.

War in the Age of Enlightenment, 1700-1789 Armstrong Starkey 2003 War in the 18th century war was a complex operation, including popular as well as conventional conflict, between Europeans and with non-Europeans. These conflicts influenced European intellectuals and contributed to the complexity of Enlightenment thought. While Enlightenment writers regarded war as the greatest evil confronting mankind, they had little hope that it could be eliminated; thus, peace proposals of the day were joined by more realistic discussion of the means by which war might be limited or rendered more humane. In this book, the author considers the influence of ideas and values on the actions of Enlightenment military personnel and how the rational spirit of the time influenced military thought, producing a military enlightenment that applied rational analysis to military tactics and to the composition of armies. In the late Enlightenment, military writers explored the psychological foundations of war as a means of stimulating a new military spirit among the troops. The Enlightenment was, however, not the only cultural influence upon war during this century. Religion, the traditional values of the ancien regime, and local values all contributed to the culture of force. When Europeans engaged in military encounters with peoples in other parts of the globe, cultural interchange inevitably occurred as well. Further, there is a revolutionary element that one must consider when defining the military culture. The result of all these factors was a creative tension in 18th century warfare and an extraordinarily complex military culture.

SCM Studyguide: Philosophy and the Christian Faith Ben Pugh 2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new. The goal-posts keep changing. This study guide will equip theology students to understand the culture-shaping beliefs that are driving the kinds of questions it brings to faith. It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them, right up to the present day. For most theology students, learning abstract philosophical concepts involves literally learning a new language, a language that the initiated converse in with ease but which leaves the uninitiated baffled. Thus, each chapter in this study guide opens with a glossary of terms. Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts - for example, they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism, or to describe how something very like the extreme subjectivity of idealism can sometimes show itself in Sunday morning worship.
