Inside Lightroom 2 Richard Earney 2012-11-12 If you're comfortable using the basic features of Lightroom, but really want to push the envelope with this powerful software, 'Inside Lightroom' by acclaimed photographer and Lightroom Beta-tester Richard Earney is a must-have. Bypassing the obvious features covered in a variety of existing Lightroom books, Richard focuses on customizing Lightroom to suit your workflow. For example, he covers using presets to automate the way Lightroom deals with photos, optimizing your Lightroom workflow for your own hardware and preferences. He covers sophisticated calibration techniques, helping you render your pictures accurately both onscreen and in print. Basically -- the hidden information for this powerful software. Unlike the other 'guides' on the market, this book doesn't tell you what you already know. Instead, it focuses on what you don't. 'Inside Lightroom' also showcases the brand-new features of the software, available only in Lightroom 2.0, so if you have recently upgraded from Lightroom 1, this book will help you reap the benefits of your investment. Practical, jargon-free and full of stunning images, Richard Earney's book should be on the shelf of every Lightroom user.

Real World Nikon Capture NX 2 Ben Long 2008-10-02 Capture NX 2 from Nikon is a powerful image-editing application that lets photographers work with digital photographs with more speed and efficiency than other software programs. Its underlying technology gives photographers the ability to make selective corrections to an image with just one click. "Real World Capture NX 2," written by digital photography expert Ben Long, takes photographers

behind the scenes to see how this innovative program works. Along the way, Ben offers valuable tips and techniques for getting the most out of the software and digital cameras. Novice and expert photographers alike will benefit from Capture NX 2. New users can make advanced image corrections without learning sophisticated masking techniques. Advanced users can perform the complex edits they are accustomed to making in other programs in fewer steps. Any image corrections made with Capture NX 2 are non-destructive, which means that the actual image data is unaltered and reversible until the photographer achieves the best results. Photographers who use Nikon cameras have access to special software features for working with raw, JPEG and TIFF images.

Mixed Reality and Gamification for Cultural Heritage Marinos Ioannides 2017-04-26 This volume on virtual and augmented reality (VR/AR) and gamification for cultural heritage offers an insightful introduction to the theories, development, recent applications and trends of the enabling technologies for mixed reality and gamified interaction in cultural heritage and creative industries in general. It has two main goals: serving as an introductory textbook to train beginning and experienced researchers in the field of interactive digital cultural heritage, and offering a novel platform for researchers in and across the culturally-related disciplines. To this end, it is divided into two sections following a pedagogical model developed by the focus group of the first EU Marie S. Curie Fellowship Initial Training Network on Digital Cultural Heritage (ITN-DCH): Section I describes recent advances in mixed reality enabling technologies, while section II presents the latest findings on interaction with 3D tangible and intangible digital cultural heritage. The sections include selected contributions from some of the most respected scholars, researchers and professionals in the fields of VR/AR, gamification, and digital heritage. This book is intended for all heritage professionals, researchers, lecturers and students who wish to explore the latest mixed reality and gamification technologies in the context of cultural heritage and creative industries. It pursues a pedagogic approach based on trainings, conferences, workshops and summer schools that the ITN-DCH fellows have been following in order to learn how to design next-generation virtual heritage applications, systems and services.
