Why I Write George Orwell 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. Politics and the English Language George Orwell 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. Analysis of 120 student's written work and how to improve their Writing Performance Gerry Mclellan 2018-09-19 Academic Paper from the year 2018 in the subject English Language and Literature Studies - Literature, , course: English, language: English, abstract: Recent developments in EIKEN and TEAP testing in Japan try to ensure that students can write to a suitable standard and express their thoughts concisely whilst making use of correct academic conventions. However, as many teachers are aware, a large percentage of their university students are incapable of writing even the most fundamental sentences, despite having studied the language for six years. Indeed, large numbers of students wishing to attend universities in the UK and other overseas countries find it difficult to convey meaning accurately in English. They face similar problems with content and structure. This paper examines how three classes, one of 35 students and two of 34 students, at one university were assessed on their written ability and demonstrate that, even with the most rudimentary instruction and feedback, many were able to increase their writing performance significantly. I write this paper before the onset of a more detailed active research project I hope to conduct and feel confident that the initial findings substantiate further research into this field. Additionally, I am collaborating with a colleague to develop assessment software for the educational sector. In the following paragraphs I will discuss the methodology and reasoning behind the research project before discussing the findings. I teach English at a number of institutes from junior high schools to universities and I have always wondered how I might be able to help or encourage my students to improve upon their writing skills. Since I also grade written work for EIKEN pre-first examinees and TEAP examinees as well as deliver seminars on correct EAP conventions, I noticed that a large number of students make similar and repetitive mistakes in their written work. At the time of writing, I am collaborating with a colleague to develop assessment software for the EFL market and I wanted to test the appropriateness of this software on a number of students, receive their feedback and suggestions and make any necessary alterations to the planned software design before making an investment.
