The Bones Remember Sara E. Johnson 2020-09-08 Lips may lie, but teeth never do At first, Alexa Glock's initial case as a traveling forensic investigator seems straightforward—her expertise in teeth helps her identify the skeletal remains of a hunter found on the remote Stewart Island in New Zealand. But when she realizes the bullet lodged in his skull was not self-inflicted, and then a second, shark-ravaged body washes up on Ringaringa Beach, it's clear that something dangerous is lurking in the beautiful waters surrounding the island. The disturbing sight seems to confirm what locals have hashed out in the pub: shark cage-diving, lucrative for owners and popular with tourists, has changed the great white sharks' behavior, turning them into man-eaters. Tensions between cagers and locals mount as Alexa dives into the harrowing case. While measuring bite patterns, she makes a shocking discovery that just might lead her to who—or what—is behind both deaths.

Brazil's foremost literary voices comes a gripping, visceral new novel about youth, power and the nature of manhood A man rises at 5 a.m. and leaves his home. He does not wake his wife or child to bid them goodbye. He starts his car - an SUV filled with survival gear - but does not drive to his friend's house as planned. Instead he glides through the sleeping streets of Porto Alegre, haunted by ghosts of himself: the fearless boy riding a battered stunt bike, the silent adolescent fascinated by bodies and violence, the obsessive young surgeon, the distant husband. As the dawn comes on and people slowly fill the streets, the man drives unthinkingly, inexorably, toward the old neighbourhood of his youth. What is pulling him back there? Perhaps the need to make something happen, perhaps just nostalgia. Or perhaps the search for absolution - from a crime he has carried in his heart for fifteen years.

Priest of Bones Peter McLean 2018-10-04 'Charismatic and very more-ish' - Mark Lawrence, bestselling author of Red Sister 'Sixty-five thousand battle-shocked, trained killers came home to no jobs, no food and the plague. He has come home from the war to reclaim his family business, to provide for his men and to ensure the horrors of Abingon can never happen in Ellinburg. But things have changed: his crime empire has been stolen and the people of Ellinburg - his people - have run out of food and hope and places to hide. With his best friend Bloody Anne, his war-damaged brother Jochan and his new gang, the Pious Men, Tomas sets out to reclaim what was his. And as Tomas is dragged into a web of political intrigue by the sinister Queen's Men, forced to work against the foreign infiltrators lurking in the backstreet taverns, brothels and gambling dens of the Stink, one thing becomes clear. The war has just begun. 'Fans of Daniel Polansky, Mark Lawrence or, dare I say, Blackwing will most appreciate this book' - Ed McDonald, author of Blackwing

*A Book of Bones* John Connolly 2020-08-25 Private Investigator Charlie Parker returns in this heart-pounding thriller as he seeks revenge against the darkest forces in the world, from “one of the best thriller writers we have” (Harlan Coben, #1 New York Times bestselling author) and the internationally bestselling author of the acclaimed *The Woman in the Woods*. He is our best hope. He is our last hope. He is our only hope. On a lonely moor in northern England, the body of a young woman is discovered. In the south, a girl lies buried beneath a Saxon mound. To the southeast, the ruins of a priory hide a human skull. Each is a sacrifice, a summons. And something in the darkness has heard the call. Charlie Parker has also heard it and from the forests of Maine to the deserts of the Mexican border, from the canals of Amsterdam to the streets of London, he will track those who would cast the world into darkness. Parker fears no evil—but evil fears him. “A seamless, expansive, and chilling blend of police procedural and gothic horror tale” (Kirkus Reviews), *A Book of Bones* will keep you guessing until the very last page.
